Charlie's First Anniversary!

It's hard to believe we opened our doors just last February. What a year it has been! Our store is overflowing with wonderful books and we look forward to sending them home with you! Thank you for telling your friends and family about us.

February Book Signings

We at Under Charlie's Covers are committed to supporting local authors by hosting book signings in our store. Who knows, we might discover the next Tony Hillerman or Rudolfo Anaya! This month we are excited to welcome back Rio Rancho mystery writer **Jack Hudson**, author of *A Senior's Moment: A New Mexico Balloon Mystery* on Saturday, February 6 from 10:00 until noon. His book is \$15 and he will sign it for you!

On Saturday, February 20 from 10:00 until noon, we will welcome **Rev. Jim Thompson**, author of *The Physics of Genesis*. His book "uses the language of physics to describe and analyze exactly how the universe was made and how it works," from a Biblical perspective. Join us for an interesting discussion and buy his book, signed, for \$15.
